Thank you for your interest in the adoption of a Siberian Husky from Adopt A Husky, Inc. and for giving us the opportunity to meet with you, view your home and surroundings, and discuss exactly what you are seeking in a new companion.

Adopt A Husky, Inc., a non-profit organization, is made up of many representatives throughout Wisconsin, Minnesota, Illinois, and northwest Indiana, volunteering our efforts toward placing Siberian Huskies in permanent, loving homes. These dogs, through no fault of their own, find themselves "orphans," displaced from families who gave them up for many reasons, or strays that were saved from the streets by caring shelter workers.

Now that your home visit has been completed, a report will be filed with the Adoption Committee for review. This report contains the answers you have provided during the interview. Your interviewer is not part of that process, makes no decision with respect to your approval or denial, and will not be able to provide you with any information in that regard. You may be contacted for clarification of a specific item. You will be notified as quickly as possible by the Adoption Committee if you have been approved. Please be patient with us, as all our volunteers are busy with jobs and families, and it may be a few days before you hear anything further. If you have questions, you may contact us using the voice mail or email addresses above.

Once a positive decision is reached and you are notified, placement can be made immediately. If you have Internet access, please check out the currently available dogs, keeping in mind that it changes on a daily basis. Our webmaster updates as often as time permits. However, please do not set your sights on just one dog, because there may be someone who is further along in the process and an adoption already pending.

Every dog adopted through Adopt A Husky Inc. is up-to-date on all vaccinations, has been spayed or neutered, microchipped for identification, and tested negative for heartworms -- Adopt A Husky medicates all fosters monthly year-round, and an initial two-month supply of preventative is provided at the time of adoption.

Adopt A Husky Inc. has no paid employees and is funded entirely by donations. We therefore request your donation of not less than \$300.00 for a puppy through six months of age, \$195.00 from seven months through age five, and \$125.00 for a dog six and older. These donations help defray the myriad of medical expenses encountered. We, of course, gratefully accept additional funds, which are tax deductible, since Adopt A Husky, Inc. is a 501(c)3 organization.

Thank you again for considering adoption in order to place another Siberian Husky into a safe and loving home.

We reserve the right to refuse or deny any applicant for just cause
